Houston, TX 77002

New and Existing Suppliers,

On July 12, 2017, NRG Energy, Inc. ("NRG") announced a comprehensive ["Transformation Plan"](#) with various financial and supply chain related savings programs in order to achieve enhanced operational and cost excellence going forward.

In an effort to implement this plan, effective immediately, NRG is changing its current standard payment terms to meet the industry peer benchmark of **Net 60 days**.

For new Suppliers, these payment terms will be effective immediately and any other proposed payment terms will be an evaluated component during all pre-qualification and award consideration.

For existing Suppliers, these payment terms will be effective immediately for all new work and, with respect to existing work, we ask that you cooperate with your NRG Supply Chain representative to promptly move to the **Net 60 day** requirement.

We would like to thank you in advance for your support with this strategic initiative and look forward to building a stronger partnership in the future.

Regards,

A handwritten signature in blue ink that reads "Chris Haas". The signature is written in a cursive, flowing style.

Chris Haas

Vice President, Supply Chain
